1 message

Dear student,

We are happy to inform you that **Optimus Information** will be conducting its placement drive exclusively for **B.Tech. CS-IT or MCA students. Eligibility: B.Tech. - 70%,12th - 70% or 10th - 70%, as per the following schedule:**

Date : 27th October 2018.

Venue : UCEM Auditorium

Reporting Time : 09: 30 am.

Do attend and participate well and get an opportunity to work as Software Intern and then further as Software Engineer Trainee/IT Solution Provider after successful completion of Internship.after successful completion of Internship.

ABOUT OPTIMUS INFORMATION

Optimus Information provides outsourced software development, testing, business analytics and mobile application development services to global clients with a focus on the Canadian market. We are headquartered in Vancouver, BC and are a young organization of 150+ professionals who are excited by technology and software engineering.

We offer an opportunity for talented final semester students of B.Tech CS/IT 2019 batch or MCAs (BCA/BSC is a must) to undergo internship at Optimus' delivery center at Noida. A successful internship can lead to a great career with Optimus as an IT solution provider.

Some more details about this opportunity are given below

Period: 6 Months

Position: Software Intern

Stipend: 15K per month

The candidate

1. Must be part of B.Tech program (2019 batch – CS/IT or MCA with BCA/BSC) of a reputed university.
2. Must have scored 70% or higher in class X or XII
3. Must be in the top 25% of their B Tech or MCA class, or should have scored 70% or more until the pre-final semester.
4. Should have strong verbal and written English communication skills.
5. Need to maintain residence within 15 km of Optimus' office during internship and on employment, if selected.

Selection Process

1. Online Test (Aptitude and Programming)
2. HR Interview
3. Technical Interview
4. Final Interview

Upon successful completion of the internship, Optimus may offer employment to those interns found fit to be taken on board as a team member. This selection will be done on basis of performance and results shown through internship. Selected interns will join Optimus as Software Engineer Trainee and may be assigned to development or test automation teams. The starting salary would be INR 3 LPA (inclusive of INR 45K lump sum to be paid upon completion of 12 months of employment if not under notice period)

Indemnity agreement: Before commencement of the internship, an Indemnity agreement, of the value of Rs. 2 Lakhs, will need to be signed and will apply for a period of 2 years from the start of employment. This will need to be signed on the date when the internship offer is released and will come into effect from the date of employment at Optimus.
